

# YOUR COMPLETE SILICONE ROOF RESTORATION RESOURCE

## ETERNA-SIL PREMIUM SILICONE COATINGS ADVANCED DIRECT-BOND TECHNOLOGY

Eterna-Sil Premium Silicone Coatings form a direct-bond to the roof surface which provides remarkable adhesion and long term waterproofing protection.

### 924 Eterna-Sil 100% Silicone Roof Coating

- Single-pass application (up to 2.5 gal/sq.)
  - Primer-less in most applications
  - Recoatable over itself and aged, existing silicone
  - Self-Leveling, no treading
  - VOC compliant (<50 g/L), accepted in SCAQMD region
  - 18 month shelf-life
  - 60-120 minute tack-free time in most climates
  - Resistant to light-rain in 60-120 minutes
  - Miami-Dade NOA (pending), UL Listed, FM 4470 Approval (Maintenance Coating only, pending), CRRC Rated, Florida Product Approval
  - Manufactured by Tropical Roofing Products
- \*pending an in-field adhesion test*

ETERNA-SIL PREMIUM SILICONE ROOF COATING	
Tensile Strength	>240 psi @ 73°F
Elongation	>270% @ 73° F
Tear Resistance	>23 lbf/in @ 73° F
V.O.C.	<50 g/L
Initial Solar Reflectivity	.87
Accelerated Aged Solar Reflectivity	0.80
Initial Emissivity	.90
Initial SRI Value	110
Permeance (Method B)	3.4 perms
Solids by Weight	>96%
Solids by Volume	>95%
Tack-Free Time	Less than 8 hours (RH dependent)
Full Cure Time	8-72 hours
Shelf Life**	18 months (un-opened containers) **when stored between 35°-75°F
CONTAINER SIZE	CLASS
5 Gal.	55
50 Gal.	5
