

996 ETERNA-SIL PREMIUM ASPHALT BLEED BLOCKER

A highly engineered acrylic single-component, water-based bleed blocker designed for application over BUR, Mod-Bit, and smooth or mineral sur-faced cap sheet. Designed specifically to prevent asphalt bleed-through when applying Silicone coating systems over all asphalt substrates. Requires no inter-mixing and delivers fast-dry performance.

- **FAST DRY**
- **LOW VOC**
- **SINGLE COMPONENT MATERIAL**
- **EXCELLENT ADHESION**
- **NO INTER-MIXING REQUIRED.**
- **WATER-BASED**
- **EASY TO APPLY BY SPRAY, BRUSH OR ROLLER**
