

Seal the Deal

TRP-1 ^{Low VOC} UltraSeal

Advanced MS Polymer Hybrid Sealant Adhesive

HIGH-PERFORMANCE Sealant delivering the strength and durability of Polyurethane with the elasticity and UV stability of Silicone.

Seals roof details, laps, seams, coping caps, screw heads, fasteners, flashings, vents, ducts, gutters, and most areas where a sealant is needed. Used as an adhesive, TRP-1 has a superior bond to most substrates, including porous and non-porous surfaces.

- Excellent Unprimed Adhesion
- LOW V.O.C.
- Odorless
- SCAQMD Compliant
- Solvent-Free and Isocyanate-Free
- Quick Moisture-Cure
- Non-Yellowing
- Asphalt Compatible
- Easy Gun-Ability
- Weather Resistant
- Stain Resistant
- Paintable with Acrylic After 1 Hour
- Storage Stability with 12 Month Shelf Life
- ASTM C920, TYPE S, GRADE NS, CLASS 50
- US Federal Specification TT-S-00230C
